Smart Ageing: Innovation, Sustainability & Inclusion

With the rapid growth of the middle-aged population, all living and consumer needs, product design and service models are bound to change. Civil, business, government, academic and research sectors must embrace innovative thinking and actions. When responding to the huge market demands and making good use of the human resources of the golden generation, they must adopt sustainable and inclusive strategies to implement ESG development.

Themed “Smart Ageing: Innovation, Sustainability & Inclusion”, the 7th GAES will continue to present both online and offline summit events, to drive innovation and collaboration between all sectors and generations and develop Hong Kong into a smart ageing city.

Join us at the 7th GAES to experience new ideas, opportunities and solutions on ageing and inspired by our integrated framework of five prioritised areas of strategic development:

- Golden Age economy
- Health and wellness
- Productivity and engagement
- Technological application
- Social cohesion and inclusion

智齡創新·永續共融

近年中老齡人口激增，所有生活和消費需求、商品設計及服務模式勢必改變。民商官學研等界別必須擁抱創新思維和行動，在回應龐大的市場需求、善用黃金一代的人力資源時，更要採用永續和共融的策略，落實 ESG 的發展。

以「智齡創新·永續共融」為主題，今年活動設實體活動和網上高峰會形式讓世界各地身處不同地域的朋友都可以無界限參與，透過線上線下共研智齡發展！

通過跨界別和跨世代的創新與合作，我們致力發展香港成為智齡城市；並繼續全面推動綜合框架的五項策略性的優先發展領域：

- 黃金時代經濟
- 健康和醫療保健
- 生產力和參與度
- 科技研發和應用
- 社會凝聚力和包容性

這五大範疇的社會創新，將會在黃金時代展覽暨高峰會上展示、討論和體驗。

行政會議成員

我衷心感謝黃金時代舉辦「黃金時代展覽暨高峰會 2022」。這項推動人口老化議題的活動，集合國內和海外不同界別具影響力的領袖和學者，分享與老齡化相關的經驗及創新的想法。這有助提倡長者活出積極和豐富的生活及促進智齡城市發展，共建共融社會。

政府的長者政策以「居家安老為本，院舍照顧為後援」為基礎，提倡積極樂頤年。為應對人口高齡化，應用樂齡科技是重要策略之一。近年政府積極推動樂齡科技，包括設立 10 億元的「樂齡及康復創科應用基金」，資助合資格安老及康復單位購置、租借和試用創科產品；舉辦樂齡科技博覽暨高峰會，讓公眾認識樂齡科技的潛力；以及設立「樂齡科技平台」，連結供求雙方以推動樂齡科技的發展及應用。

透過政府及其他持份者的共同努力，持續研究與發展創新的安老服務方案和樂齡科技，香港將建立健康的樂齡科技生態系統，發展為智齡城市。

最後，我再次衷心感謝黃金時代基金會舉辦此活動，提供了一個平台讓公眾和長者了解更多「智慧養老」的資訊和創新的產品。在「新常態」下讓我們攜手合作，為老齡產業帶來更多創新的想法，為長者的福祉共同努力。

I would like to express my sincere gratitude to Golden Age Foundation for organizing the Golden Age Expo and Summit 2022. This event propels the topics of the aging population, gathering local and international influential leaders and scholars from different sectors to share their experiences and innovative ideas related to aging. It helps promote the well-being of the elderly, active and enriched living and also foster the development of a wise aging city for a sustainable and inclusive society.

The government's elderly policy is based on the principle of "ageing in place as the core, institutional care as back-up" with a view to promoting active ageing. In response to the aging population, smart aging technology is one of the key strategies. In recent years, the Government has been actively promoting gerontechnology, including setting up the "Innovation and Technology Fund for Application in Elderly and Rehabilitation Care". The Fund subsidizes eligible elderly and rehabilitation units to procure, rent, and trial use technology products. The Government also co-hosts the Gerontech and Innovation Expo cum Summit which enhances public awareness of the potential of gerontechnology; and establishes the Gerontechnology Platform that connects stakeholders on the supply and demand sides to foster the development and application of gerontechnology.

Through the joint efforts of the Government and other stakeholders, the constant research and development of innovative elderly service solutions and technology products, a healthy gerontechnology ecosystem would be built up. Hence, Hong Kong would become a smart ageing city.

Lastly, I would like to express my sincere gratitude to the Golden Age Foundation again for organizing this event and providing a platform for the public and the elderly to learn more about the "Smart Aging" information and innovative products. In the time of "new normal", let's work together to bring more innovative ideas to the aging industry and work together for the well-being of the elderly.

Mr CHUA Hoi-wai
蔡海偉先生

Chief Executive, Hong Kong Council of Social Service
香港社會服務聯會行政總裁

推算至 2039 年，本港 65 歲或以上的人口將超過 250 萬人，每三個香港人便有一位是長者。面對人口高齡化的挑戰，我們更需要正視中老年人「黃金一代」的需求和福祉。我很高興看到「黃金時代展覽暨高峰會」提供寶貴的機會讓各界展示創新想法和經驗，也雲集各方面專家分享真知灼見。

我們可以肯定的是，今天的社會需以嶄新思維，迎接高齡化社會的來臨。願大家能夠跨界攜手合作，發揮協同效應，提供更適切的生活配套，完善健康老年與長期護理。「黃金一代」不但要積極參與其中，更要樂在其中！只有共同建設更有利於「黃金一代」的生活環境，才是承傳智慧，成就積極晚年，共享經濟與社會發展成果。

最後，我祝願第七屆「黃金時代展覽暨高峰會」取得圓滿成功，共創更多新點子，促進「永續共融」的生態。

Mrs Rebecca CHOY YUNG 容蔡美碧女士

Founder and Chair, Golden Age Foundation
黃金時代基金會創辦人暨主席

我謹代表黃金時代基金會，熱烈歡迎各位蒞臨第七屆「黃金時代展覽暨高峰會」。由於疫情引致的旅遊限制，這個一年一度的活動已連續第三年採用混合模式。我們已經在 7 月 29 日至 30 日成功舉辦了兩天的網上高峰會，聚集了全球和地區的演講嘉賓，隨後在 8 月 5 日至 7 日在香港舉行實體展覽及高峰會活動。

雖然人口老化帶來許多挑戰，但也為香港和世界各地帶來前所未有的社會經濟機遇和黃金一代人材資源。可是新冠疫情暴露了我們對老齡化社會準備不足的問題。今年年初，香港醫療和老人護理系統瀕臨崩潰；長者的死亡人數一直在上升；各個年齡層的人的身心健康都受到了影響；經濟亦出現衰退。

現在是我們從危機中吸取教訓作出重要改變的時候了。疫情揭示了創新醫療、保健、安老和社會服務制度的重要性。社會的需求不斷改變，私營企業也要創新求變。此外，香港具備發展成為中國內地、大灣區和世界各地的智齡產業中心。這些挑戰不能僅靠政府、企業或非政府組織單獨解決，而是需要新的公私營合作夥伴模式，以及發展有利於各種創新的協作生態系統。

在智齡社會，可以通過永續發展提供更健康的生活條件，以及更好的健康和社會關懷。亦要同時開發新模式，以確保安老的財務可持續性和問責性，以及振興社區的社會資本。

當我們思考創新解決方案和可持續發展時，我們應該從共融的角度出發、從所有人的福祉出發，創造一個更具包容性的經濟，鼓勵終身學習和實現個人潛能，同時為有需要的人提供協助，在疫情後所有人都能恢復過來。

有鑑於此，今年的活動主題以探索創新、永續和共融為主題，並倡議跨界合作來建立一個真正的智齡社會。整個在線和實體項目匯聚了 60 多位全球、區域和本地的思想領袖和實踐者，分享了豐富多樣的觀點和經驗，為改進實踐、深化影響和為智齡化社會建立變革性合作夥伴關係提供了機會。

在展覽會上，您將看到來自世界各地數以千種創新產品、服務和解決方案，其中包括日本

JETRO 的展台，展示了 10 多家日本公司最新的產品。您會驚訝於私營和學界的社會企業家提出的各種創新解決方案，以滿足黃金一代新的和多樣化的需求。在這三天內，您還可以參加一系列互動活動，包括健康檢查、生活方式示範和表演等。

最後，我衷心感謝所有合作夥伴、贊助機構、支持機構協和顧問的鼎力支持。我還要感謝一百多位敬業的志願者，無論老少，他們在幕後辛勤工作，使整個黃金時代展覽和高峰会得以順利舉行。

謹祝各位在今年的活動上取得豐碩成果！

On behalf of Golden Age Foundation, I would like to extend the warmest welcome to all of you at the 7th Golden Age Expo and Summit. Due to international travel restrictions, this annual event has gone hybrid for the third year. Last week, we held two days of virtual programmes from 29 to 30 July, and brought together global and regional speakers. This is followed by the physical event in Hong Kong between 5 and 7 August.

While population ageing presents many challenges, it also offers Hong Kong and the rest of the world unprecedented socio-economic opportunities and a huge talent pool of Golden Agers (people 45+). However, the pandemic has exposed our lack of preparedness to support the ageing society. Earlier this year, our medical and elderly care systems were on the brink of collapse. The death toll among the elderly also increased significantly. What's more, the pandemic has affected our physical and mental health as we brace ourselves for the imminent arrival of a global recession.

Despite the circumstances, now is the time for us to seize the moment, learn from previous challenges and take action to make changes that matter. To thrive as a society, the pandemic has revealed the importance of innovating our healthcare, medical, elderly care and social systems. Additionally, innovations from the private sector have become imperative as businesses tried responding to evolving consumers' needs.

And yet, the issues we face throughout the pandemic cannot be addressed by governments, businesses or non-profits alone. Together with Hong Kong's strategic positioning and the rapid progression of social innovations, we can transform the city into a smart ageing business hub between China, the Greater Bay Area and the rest of the world. This requires new forms of public and private partnerships and the development of a collaborative ecosystem conducive to various types of innovation.

Sustainability can also increase life expectancy by providing healthy living conditions as

well as better health and social care. Meanwhile, new models can be further developed to ensure financial sustainability and accountability of elderly care, and revitalize the social capital of our community.

When we think about innovative solutions and sustainable developments, let's start from the perspective of an inclusive society, of the well-being of people from all age groups. By fostering an inclusive economy, we are also empowering people to pursue lifelong learning and personal actualization, while providing support for those in need, leaving no one behind in the post-pandemic recovery.

From this perspective, the 7th Golden Age Expo and Summit focuses on exploring innovation, sustainability and inclusion, and continues to advocate for cross-sectoral collaboration to help build a genuine smart ageing society. This year, our entire online and physical programme features over 60 global, regional and local thought leaders and practitioners as they share a comprehensive range of perspectives and experiences, offering opportunities and insights to improve current practices, deepen our impact, and help establish transformative partnerships.

At the Expo in Hong Kong, you can explore thousands of the latest products, services and solutions from different parts of the world on display, including the JETRO booth, showcasing ingenious offerings from a dozen Japanese companies. You will be amazed by the variety of innovative solutions proposed by social entrepreneurs from the private and academic sectors. You can also immerse yourself in interactive activities along with health screenings, lifestyle demonstrations, performances and much more to experience all that the Golden Age economy has to offer.

Through this event, we want to inspire more people like you to help us drive impactful changes — social innovators and entrepreneurs developing new solutions to fill market

needs, investors and funders selecting and scaling impactful ideas and innovations, policymakers navigating through complex policies for effective changes. Your contribution is vital to the development of a collaborative ecosystem and the future of generations to come.

The 7th Golden Age Expo and Summit would not have been possible without the unwavering support of all partners, sponsors, supporting organizations and advisors – thank you for supporting our smart ageing vision. My heartiest appreciation also goes to over 100 dedicated and passionate volunteers of all ages, who have worked tirelessly behind the scenes to make this event a success.

To all visitors from Hong Kong and afar – I wish you the most rewarding and enjoyable participation.

Opening Session: CEO Forum : From Crisis to Changes 開幕環節：行政總裁論壇 – 轉危為機 開創未來

2022/08/05 (Friday 星期五)

11:00am – 12:30pm

Summit Stage 主論壇

The advent of the Covid-19 pandemic has radically changed the way we live, work, and relate to others. Hong Kong, like other Asian cities, is facing huge challenges in meeting the diverse needs of its ageing populations, and urgently requires new ideas and solutions. It is equally important to work on solutions that are sustainable and inclusive. Prominent leaders from the public and private sectors will share their vision, strategy, the challenges they are facing and suggested changes for the society in the new normal.

新冠疫情大流行急速改變了我們的生活、工作和彼此間的關係。香港和其他亞洲城市一樣，都面臨人口老化引發各種問題的挑戰。我們迫切需要新思維，也需要推行可持久和包容的解決方案。這節研討會由來自公私營機構的領導分享他們的願景、策略，以及他們面對的挑戰，並為目前社會的改革提出建議。

Overcoming Hong Kong's Healthcare Crisis: Developing a Sustainable Healthcare Model 解決香港醫療危機：發展可持續的醫療模式

2022/08/05 (Friday 星期五)

2:00pm – 3:30pm

Summit Stage 主論壇

Healthcare systems around the world are faced with unprecedented challenges under the pandemic. Hong Kong has a dual public-private healthcare system. However, their disparities are great. Public hospitals provide services to 90% of in-patients in Hong Kong at a heavily subsidised cost. The problems in Hong Kong's collapsing healthcare system as shown during the pandemic are alarming. At this session, CEOs from private hospitals and the first primary healthcare centre will explore how we can rebuild and recover from the pandemic with a fairer and better healthcare system for the future, including the adoption of smart systems, financing and procurement of services, tele-medicine, the deepening of public-private partnerships, etc.

在疫情之下，世界各地的醫療系統都面臨前所未有的挑戰。香港的公私營醫療收費差距很大，政府補貼每位公立醫院病人百分之九十的住院費用。疫情爆發期間，香港醫療體系崩潰，令人憂慮。這節研討會，私立醫院和基層醫療保健中心行政總裁將探討我們如何通過更公平和更好的醫療保健系統，重建和從疫後恢復過來，包括採用智能系統、融資和採購服務、遠端醫療、深化公私合作夥伴關係等。

Community Innovation : A Bottom-up Approach from Crisis to Changes

社區創新：從下而上的危機變革方法

2022/08/05 (Friday 星期五)

4:00pm – 5:30pm

Summit Stage 主論壇

In the face of the adversities brought about by COVID, the civil society has reacted much quicker than government institutions. We have witnessed the rise of “community innovation” that is based on truly inclusive values and to meet the urgent needs of the society. The outbreak has roused the entrepreneurial and innovative spirit of different social groups as a means of resilience and survival. Such innovation can stimulate bigger and more resourceful actors, such as large corporations, family foundations and even the government, to take part in tackling crises. Hear first-hand from the curators of such important bottom-up innovations and learn how such solutions may bring about positive social changes.

面對新冠疫情帶來的逆境，民間團體的反應比政府機構快得多。我們看見社區創新興起，它是建基於真正的包容價值觀，並以滿足社會的迫切需求為目標的。疫情激發起不同社會群體的創業及創新精神，成為社會復元及生存的動力，因此引發更多大公司、家庭基金會甚至政府去參與應對危機。這節研討會由社會創新者介紹他們的解決方案如何帶來積極的社會變革。

Facilitating Aging-in-Place in the Hong Kong Society 促進香港居家安老的生態圈

2022/08/06 (Saturday 星期六)

1:00pm – 2:30pm

Summit Stage 主論壇

In Hong Kong, over 90% of its aging population resides at home. To enhance the quality of life of elders aging at home, community support, homecare services, as well as Gerontechnology are crucial to create an eco-system to support senior citizens and their carers to enhance independent care and assisted care capabilities. In this session, we will explore the topic of building and facilitating an eco-system for ageing-in-place, together with speakers from Hong Kong Housing Society, Florence Nightingale Home Health & Nursing, as well as Jockey Club “age at home” Gerontech Education and Rental Service.

在香港，目前有超過 90% 的老齡化人口居住在家中。為提升長者居家安老的生活質素，社區支援、居家護理服務及樂齡科技至關重要，三者能結合並創建生態系統，輔助長者及其照顧者提升自主的生活和護理能力。在這節研討會，我們將與香港房屋協會、南丁格爾基金會和賽馬會「a 家」樂齡科技教育及租賃服務中心的講者探討如何創建和促進香港居家安老生態圈。

Mindset Innovation in Needs Assessment for Elderly Services

全新角度看長者服務需求評估

 2022/08/06 (Saturday 星期六)  3:00pm – 4:30pm  Summit Stage 主論壇

Standardised Care Need Assessment Mechanism for Elderly Services, a mechanism that aims to allocate suitable long-term care services to the elderly, has been implemented for 20 years. Since July 2021, an updated mechanism has been introduced with more localised elements and considerations. With this new system and a number of pilot schemes (i.e. Community Care Service Voucher), how should we perform needs assessment so that the elderly and carers can receive more tailor-made services?

安老服務統一評估機制為長者編配合適長期護理服務，已推行逾廿載。社署自2021年7月起更新機制，加入了本地化評估因素。在新機制及不同先導計劃下（長者社區照顧服務券 CCSV），怎樣執行需求評估，才能令長者及照顧者得到更貼心的服務？

Technology Innovation in Dementia Support 以科技優化認知障礙症治療

2022/08/06 (Saturday 星期六)

5:00pm – 6:30pm

Summit Stage 主論壇

According to the Hospital Authority, the prevalence rate of dementia in Hong Kong is estimated to be at 5%–8% among people aged over 65, and at 20%–30% among those aged over 80.

In the coming decades, an aging population coupled with an expected rise in the number of dementia patients will strain the medical and social service systems.

Research and deployment relating to the prevention, diagnosis and treatment of dementia, and development of Hong Kong–fitted assistive technologies for the rehabilitation and care of persons with dementia can slow down degeneration and assist in caring. It also benefits the quality of life of both the elderly and carers. In this session, we have invited service providers and technology companies to share their challenges and the tips to tackle for the solutions rollout.

根據醫院管理局的資料，本港 65 歲以上人士患上認知障礙症佔同齡總人口的比率估計為 5% 至 8%，而 80 歲以上人士的患病比率則估計為 20% 至 30%。未來數十年，人口老化加上認知障礙症長者人數預計趨升，令本已承受沉重壓力的醫療和社會服務系統百上加斤。開發及應用適合香港的認知障礙症患者的康復和護理輔助技術可以減慢退化及協助照顧，也能有效保持病人及其照顧者的生活質素。本節研討會將匯集服務機構及科技公司落實科技的困難及克服障礙的心得與大家分享。

Financial Sustainability for the 100-year Life

百歲人生 財務樂悠悠

2022/08/07 (Sunday 星期日)

12:30pm – 2:00pm

Summit Stage 主論壇

Majority of the population in developed countries today can expect to live over 100 years old. However, our current daily practices are ill equipped to cope with a 100-year life. Individuals, corporates and governments all have a role to play in ensuring we structure our lives differently so we can make the most of a longer life. This session will shed light on financial planning, estate planning and charity giving for individuals to tailor for this new pleasant 100-year life.

當今已發展的國家，多數人預計能活到一百歲以上，可是我們的日常生活模式不足以應對百歲人生。個人、公司和政府都應當參與，確保我們以新的方式構建生活，以享受更長的生命。本節研討會將會在制訂財務規劃、遺產規劃和慈善捐贈三個範疇啟導大家構想如何為自己度身設計愉快的百歲人生。

2:30pm – 4:00pm

Summit Stage 主論壇

Carers, in particular the unpaid carers, take up an important role in caring of the elderly. Within the process of long term care of elders, carers encounter a lot of difficulties such as dealing with sudden medical circumstances of elders, fragmented or insufficient information, lack of knowledge and skills and financial difficulty in purchase of health care items, etc. Under these pressures, carers are in desperate need of support service.

In this session, we will first study the existing carer service and related pilot projects and to make suggestions on further enhancement and development. Moreover, we will explore collaboration opportunities among Government, private and public sectors such as empowerment of carers, building promotion and information platform, etc. We believe that members of the society can work hand in hand together to support the carers.

照顧者、特別指非受薪照顧者，在照顧長者方面擔當非常重要的角色。照顧者在長期照護長者的過程中，會遭遇不少困難，例如需應付長者突發的醫療情況、服務資訊零散及不足、缺乏知識和技巧、購置護老用品的財政困難等等。在種種壓力下，照顧者在多方面均亟需支援。

在此節討論中，將深入探討現時照顧者服務及相關先導計劃是否可以優化，並作出建議。此外，亦討論官、商、民合作的可能性，例如為照顧者充權、建構宣傳及資訊平台及義工網絡等，期望社會上各人都盡一分力，以支援照顧者。

4:30pm – 5:45pm

Summit Stage 主論壇

While increasing efforts have been put into building up the resilience of citizens, we also need to go beyond resilience to change the very social conditions that affect the lives of the needy and the disadvantaged. At this session, prominent social leaders will share their insights, knowledge and experiences to help unlock the leadership needed to transform our society towards a “society for all.” This requires a paradigm shift so as to recognize the dignity, value and importance of each person, regardless of age and social status.

我們正在努力增強市民的抗壓能力，但還需要超越這種能力，才能改變窮人和弱勢群體生活的社會狀況。在本節研討會上，傑出的社會領導將分享他們的見解、知識和經驗，使社會轉變為「人人共享的社會」。如要達致這種完美的轉變，每個人的尊嚴、價值和重要性都必須得到尊重，而不論其年齡和社會地位如何。
